Jack Fischer Gallery is pleased to present *more*, **Jonathan Parker's** fourth-solo exhibition with the gallery. Join us for an opening reception on December 8th, from 5 – 8 p.m. at our **Minnesota Street Project** location. The show will be up through January 12, 2019.

In this exhibition, Parker shows his most recent body of work consisting of small canvases, each done by painting acrylic on canvas, cutting them into various shapes, and arranging them onto a blank canvas and stitching them in place. Parker's sensitivity is reflected in each resulting piece, combining his fascination and passion for form, color, and fabric. Each piece creates its own vocabulary of color and a unique manner of communication is evoked as if we are listening to jazz riffs between the pieces. Seemingly intricate, yet uniquely simple, all the pieces come together in a perfect and beautiful manner. We are left wanting to see more.

Studio view, 14" x 11" each, acrylic on canvas, sewn.
